TO WHOM IT MAY CONCERN

I have had the pleasure of knowing Tania Shenstone for the past four years both personally and as her Agent.

Throughout this time Tania has shown dedication and commitment for her acting career and her warm, friendly nature makes it a pleasure to do business with her.

Tania has completed numerous projects for film, television and advertising and completely immerses herself in each role.

She is very versatile and continues to hone her craft at every opportunity.

Tania has talent and determination and I have no hesitation in recommending her at home (Australia) or overseas.

Best wishes
